

DAVINCI RESOLVE

RESOURCE GUIDE

A curated list of Resolve tutorials and
resources from the team at:

 GROUNDCONTROL

Feel free to use this *curated* list of resources to help you along your Resolve journey!

When you are free to be creative, it unlocks all kinds of good things in your life. From an outlet for energy, to business opportunities, to mental health benefits. THE ABILITY TO MAKE BEAUTIFUL THINGS CAN CHANGE YOUR LIFE. We want to tear down anything that gets in the way of creativity. We love making movies, and we want to simplify the process for anyone who wants to learn.

MEDIA PAGE

STAY ORGANIZED WITH THESE MEDIA PAGE TIPS!

Organizing your media is so important, especially when you're working with multiple cameras, external audio recorders, and working with multiple people on a project. I think these tips will help you get real nice and organized.

"TOO MUCH" ISN'T A PROBLEM ANYMORE.

Got a lot of media to work with? Not sure how you'll keep your sanity when it comes time to edit? So all you people out there who love to get super organized, you're gonna love this!

DON'T SLEEP ON THIS USEFUL PAGE!

Ahh the poor media page in Davinci Resolve! Often forgotten about, but actually surprisingly useful. MrAlexTech teaches about importing folders, ripping audio, cloning, synching footage and make previewing your files way easier.

CUT PAGE

CUT PAGE FUNDAMENTALS IN 5 MINS

At first glance it may seem like a redundancy to the edit page, and while you'd be kind of right, there are actually a number of tools and options that the cut page offers to editors. Take a few minutes and learn some of those basics with us!

HOW TO USE THE SOURCE TAPE TO FIND B-ROLL FASTER

B-Roll is a great way to make your videos more clear and interesting, but it can take a lot of time to figure out what footage you need for your edit. In this video we utilize the power of the Source Tape to solve that problem.

MORE AWESOME TOOLS IN THE CUT PAGE

MrAlexTech shows us even MORE awesome tools found in the Cut Page of Resolve. Did you know there is an "Auto Color" feature that only exists in the Cut Page? How about "Snap Zoom", or "Quick Export"? Watch the video to learn how to use all these cool features!

EDIT PAGE

PRO EDITING WORKFLOW COURSE

It can be frustrating to just follow along with a tutorial and not know WHY you're changing a setting. None of that here. We'll explain the big ideas behind every step of the process. Use industry-standard techniques that show you the smoothest, most professional way to edit in Resolve.

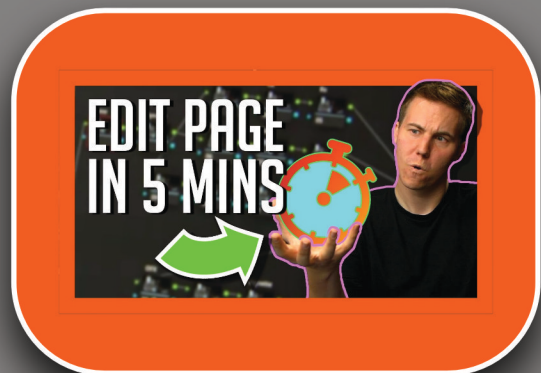

STAY ON THE EDIT PAGE

Want to know the best way to learn Resolve as a beginner? This is the video for you! In it I'll tell you the one big secret that will help you make your first video in no time: Stay on the edit page! And once you get familiar with the absolute basics, you can make just about everything you need. How cool is that?

5 MINUTE EDIT PAGE WISDOM

If you're new to Davinci Resolve this will get you going with the basic tools to create a video all on your own. And you'll learn some of the best practices for using the edit page, all in a 5 min package.

FUSION PAGE

FUSION: ZERO TO HERO COURSE

This DaVinci Resolve Course Takes You to WORKING KNOWLEDGE of Fusion in Just ONE WEEK! Create your own beautiful titles, motion gfx, and animations! Make movie magic with compositing skills like masking, tracking, & green screen. Get to know NODES like the back of your hand!

TOAST IS THE BEST WAY TO TEACH ABOUT NODES

In this simple-to-understand video, I review the basics of how Fusion works in Resolve, including what Nodes are, how they work, and what kinds of Nodes you need to know to get started using Fusion. And best of all it's done with Toast! Who doesn't love Toast?

MOTION GRAPHICS IN FUSION

This video goes through a simple step by step process on how to use Fusion to make beautiful animated motion graphics! By the end of this video you'll have learned all about things like key frames, masking, the spline tool and more!

COLOR PAGE

PROFESSIONAL COLOR GRADING COURSE

This DaVinci Resolve course unlocks your ability to make PROFESSIONAL COLOR GRADES! Learn the basics of top-level Color Grading. Discover professional techniques for color correction, matching cameras, and creating specific looks. Understand color nodes, primary grades, secondary effects, tracking, and keying techniques

COLORIST CAREER ACCELERATOR TRAINING

Cullen Kelly is a seasoned pro in both film and commercial color grading as well as a master trainer for Blackmagic Design. Cullen's training will teach you everything from camera capture to delivery to running a business. Colorist Career Accelerator covers everything you need to close sales and craft grades so you can make real money doing work you love.

BROADCAST COLOR MASTERCLASS

Darren Mostyn has been a professional Broadcast Colorist for over 13 years. This video gives a step by step process on every decision that is made to make this commercial spot.

FAIRLIGHT

YOUR FIRST STEP IN FAIRLIGHT

This video is for all you beginners out there that want an understanding of audio basics in DaVinci Resolve. This should cover all you need to know about getting started with Fairlight so that you can use it with confidence, and get some better sounding audio in your projects!

RESOLVE AUDIO CRASH COURSE

If you are just getting started with DaVinci Resolve and want to know how to work with your audio, then you are in the right place! Jay will show you the basics in working with audio from start to finish and the things we all wish we knew when we got started in DaVinci Resolve.

GET JASON'S COURSE HERE!

You finished editing your video... now what? Audio is half the video, and people are likely to stop watching if it doesn't sound good. This course will take you step-by-step to take your audio to the next level!

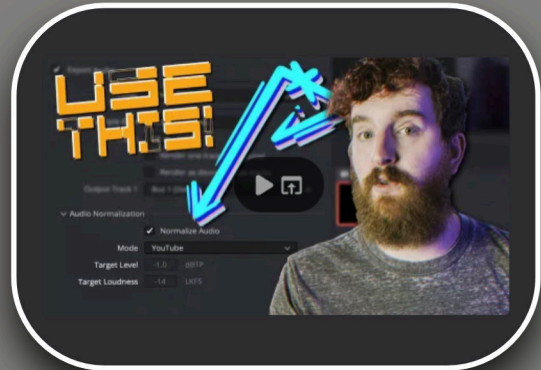

DELIVER PAGE

BEST EXPORT SETTINGS EXPLAINED!

EposVox is an excellent teacher and does an excellent job explaining complicated subjects like codecs, formats, network optimization and more!

KEEP YOUR EXPORTED PROJECTS ORGANIZED!

In this video we go over the perplexing language of Projects in Resolve! Things like how to save, export, and manage those projects we all love and cherish. A lot of people wonder "where exactly does Resolve save my project? How do I know where to find it if I need it later?!"

THE BEST RENDER SETTINGS!

Let's take a look at the best settings for a YouTube Render out of Resolve 17! There are a few ways of thinking behind this, and to make an educated decision, I decided to do some SCIENCE!
